The Sustainable Business Network invites you to hear from David Slone of CSC Buying Group.

David will give a short presentation about CSC Buying Group, including information on what they can offer to other SBN members.

CSC Buying Group are a social enterprise, with profits going to support community initiatives.

- “By combining the purchasing power of our members, we are able to negotiate preferential pricing with suppliers throughout New Zealand. Members are effectively getting “bulk purchase” discounts on every purchase - no matter how large or small the order.”

This will be followed by opportunities to network. We'd love to see you there.
