

Waikato Business Sustainability workshops

Join an 8 part workshop series to learn about key social and environmental issues relevant to your business.

Workshop **6** 31st August 2016

Travel and Transport

Business-related transport and travel often uses a lot of time and financial resources. It can contribute to further negative impacts, including stress, health issues and pollution. Come and hear Judith present inspiring information about healthy and sustainable travel alternatives, including how to overcome barriers to behavioural change.

Facilitated by Camilla Carty-Melis.

Following workshops:

28 September	Supply Chain
26 October	Community Engagement and Enhancement

Attendees will receive a certificate of participation from Sustainable Futures Aotearoa/Waikato Environment Centre.
